Good Morning Legends Residents,

Disposal of Cigarette Butts

- Please dispose of your cigarette butts in an appropriate manner. It goes without saying that incorrect disposal of cigarette butts is a serious fire hazard and ask that you follow the rules below.

As you may know, there has been several house and condo fires within the Calgary over the last few years directly caused by improper disposal of smoking material.

Please read the following information:

- **Make sure the cigarette is extinguished before throwing away in a fireproof container with sand in it;**
- **Never flush cigarette butts or cigarette ashes down your toilet, sink or drain as they may be harmful to the environment and may cause damage to the pipes in your home;**
- **Never dispose of cigarette butts in planters or any other combustible containers;**
- **Never throw cigarette butts off of your balcony.**

Please note this is a very serious safety matter and there is a zero tolerance policy in place for anyone found violating these rules. Improper disposal of cigarettes will lead to one warning, followed by a fine.

Please note that smoking is not permitted within 5 metres of any entrance to the building as per the City of Calgary bylaw.

Community Garden Plot

We have received numerous inquires about the community garden plots and when they will be available for use.

Our suggestion is that we have an initial meeting on May 16 – 1230pm at the garden plot locations, so that a committee for 2020 can be formed.

Any residents who are interested in participating in the planting and administration of the growing plots are asked to attend so we can formulate a game plan for this growing season.

Thank you,
