Dear Legends Residents,

Several owners have noted that people are parking in their parking stalls, both above ground and in the parkade.

In order to allow the City of Calgary to ticket and tow vehicles from privately owned residential stalls in the parkade, we have now also installed wall mounted addressing stickers in each stall of the parkade. The surface stalls are already labelled with tags on the electrical plug ins. **Should someone be parking in your privately owned stall, you have to contact the City of Calgary Parking Authority to have this offending vehicle ticketed and then towed from your property.**

All you will need to present the Parking Authority is proof of ownership. Your ID with the Legends address on it will suffice.

The City of Calgary Parking Authority can be reached at 403-537-7000. Press 5 and this will direct you to parking enforcement department. Then Press 2 to reach their dispatch to have an agent come out to arrange for ticketing and towing.

We will also be routinely contacting the Parking Authority to ensure parking enforcement is done for all common area visitor and handicapped stalls.

Thanks and have a great week.
